Thank you for considering our 2024 sale offering. There are a lot of sales and just to be looked at is very humbling. We have been dealing with drought and dry ponds for two years and finally have had some relief even though it's not perfect. We are not in well country here so we have put almost everything on rural water from town where it goes through a meter and you write a check for it each month! We are blessed that we have two different rural water districts that we can access so we can split up the usage and not put a huge strain on any one district. When we first opened the valve on one water district that went to our background yard and 145 acres of "traps" we dropped the community water pressure and that wasn't well received. Without making an exact count I am sure we have put in at least twenty tire waterers around in pastures and I would put our crew up against anyone on how fast and efficiently they can put in a tire waterer. They are really good!!! However, our drought problems pale in comparison to our customers and friends that are dealing with the hurricanes, our thoughts and prayers are with them that they might find the strength to pull through this!

We have a very nice offering of bulls this fall, it seems like they have really excelled in spite of somewhat challenging conditions. If you need a stout, powerful cow bull that will add pounds to the bottom line we have a nice selection or if you need a bull to go on heifers to provide a nice, live black calf that doesn't need assistance we have those bulls also! One size does not fit all when it comes to bulls, they are wired to accomplish different goals. I would like to point out that to our Hereford customers we will have a group of aged bulls that are not left over in any way, they have never had a bull picked out of them. This will be a real opportunity to buy a top bull that has some age! We plan to sell a small group of two year olds that have lots of quality and pigment to go with it and then go into the age advantaged bulls early in the sale.

We will again offer some really nice females that have their whole life ahead of them. The females are always from some of our best customers that not only buy strong genetics but have management programs that we have the confidence in sending females out anywhere in America. Please remember that while we don't put cattle pictures in the sale catalog we spend a lot of time working on videos and if you turn up your volume there is also a vocal "footnote" that you can hear on each and every lot selling. Our customers that have gotten used to this really seem to appreciate it. If any of us can do anything at all to help you with your purchases please let us know.

Finally, brethren, whatever is true, whatever is honorable, whatever is right, whatever is pure, whatever is lovely, whatever is of good reput, if there is any excellence and if anything worthy of praise, let your mind dwell on these things. Philippians 4:8

COMMENTS BY THE SALE MANAGER:

MCCABE GENETICS—WHERE TOP QUALITY BULLS AND CUSTOMER SERVICE ALWAYS COME FIRST!

McCabe Genetics is a family-run cattle business operated by Randy and his sons, Flinton and Ethan, who are all actively involved in the operation. The family prioritizes customer satisfaction and specializes in selling individual bulls or groups of bulls. The McCabe Family is dedicated to providing excellent customer service and is committed to assisting you in any way you require.

The bulls available for sale are strong, stout, and have been raised in large groups in rugged terrain. They excel in commercial settings and are not pampered. Doing business with the McCabe Family will be a truly enjoyable experience. They are pioneers in America when it comes to selling high-quality, hardworking, and sound bulls.

Remember McCabe bulls can be found working in many leading programs in the cattle world. Why? Because they hold up, stay sound, and get the job done. Make sure to attend their sale on November 7, 2024. If there is anything we can do to help you, please let us know

Sincerely,

Tom Burke

The Next Generation of McCabe Genetics:

McCabe Genetics Breeding Guarantee

The bulls that sell are fertile to the best of our knowledge and are backed by a first breeding season guarantee. If, while breeding cows, they sustain injury to their reproductive system, making them unable to service females we will provide you with a satisfactory replacement if available, or issue you credit equal to your purchase minus salvage value that may be used toward the purchase of any animal for sale at McCabe Genetics through our annual sale or private treaty. We request that you notify us before you cull the injured or infertile bull.

This is not a life insurance policy against death or disasters and does not cover health problems or injury due to mismanagement, negligence, or risks you choose to take (running bulls together can cause bull fights and injury).

All bulls have passed a semen examination performed by Isaiah Shnurman, Genetic Hedging Solutions.

Volume Discount

5 bulls 5% 6 bulls 6% 7 bulls 7% 8 bulls 8% 9 bulls 9% 10 bulls or more 10%

Interest Retained in Bulls

We are retaining 1/3 semen revenue sharing interest in all of the bulls. The buyer will be purchasing two-thirds interest and full possession of the bull. This means we are reserving the right to one-third of the semen sales revenue from the bull if at sometime in the future semen sales become a reality. We also reserve the right to collect semen on the bull for our own in-herd use if we choose to at some time in the future. If you sell the bull to some other party we still retain one-third interest. You will have control of the bull and receive 100% of the salvage value whenever that occurs.

Video Preview

A video preview will be available on the bulls on our website www.mccabegenetics.com mid October.

McCabe Females

We feel we have a great selection of commercial females. It appears the cowman is going to be in the driver's seat for years to come. These young females will work in any environment and have their whole lifetime of production ahead.

All females will sell on video they will not be on site. Unless otherwise noted females are available for pickup Friday, November 8th. Must buy a minimum of 5 and can roll the entire group for the winning bid amount. The females are 100% guaranteed. Buy with confidence; if you don't like them you won't own them!! Video previews will be available on our website www.mccabegenetics.com under the commercial female page. Feel free to view the females before the sale.

Commercial Females Pairs

McCabe Genetics, Elk City, KS Randy 620-332-4244, Flinton 620-332-4498, Ethan 620-636-0545

10 commercial 3 to 5 year old pairs. A nice set of commercial black and baldy fall born pairs. They will come with all the work done and PI- BVD tested. Hauling assistance is available. December 1 pickup.

Shawn Mills, Eureka, KS, 620-205-8100

40 two year old black and baldy fall pairs. Shawn is our longest time consigner of commercial females and does as good of a job with his cattle as anyone around. He now owns the Eureka Livestock Market so he has as good of an idea about the market as anyone. These calves started coming August 15 so they have had time to have a great start. They will be worked and ready to go including PI-BVD tested. Shawn can assist with trucking if needed.

Josh and Tommie Barnaby, Elk City, KS. 620-330-7494

15 five year old black and baldy fall born pairs that started September 1. The hardest place to sell bulls are to your close neighbors we appreciate the Barnaby's for all the years they have had confidence in our product. Both the calves and their dams are McCabe genetics sired and probably for several generations beyond that. These will come with all he work done and are PI-BVD tested. Hauling assistance available.

Registered Females Pairs

McCabe Genetics, Elk City, KS. Randy 620-332-4244, Flinton 620-332-4498, Ethan 620-636-0545

10 Registerable Angus fall born pairs. As we have been doing in the past, they sell out of the ring as commercials but for \$500 additional we will DNA the calf and furnish papers for both cow and calf. This also gives the buyer the opportunity to run the bull calves back through our sale in a partnership arrangement. Most past buyers have been extremely happy with this arrangement if they put the papers back on. The calves will come worked, ready to go and PI-BVD tested and hauling assistance is available. Dec 1 pickup.

Commercial Bred Heifers

Newland Farms, Neodesha, Kansas. Justin Newland, 620-779-2099

23 head of black and baldie bred heifers to calve in the spring. These are big heifers that will start calving in March for about 50 days. Nobody does it better than the Newland's these will be front pasture kind of cows! They are both sired by and bred to some of the top bulls we sell. Hauling assistance available.

Thank you for coming!

Family

Ethan is regularly outdone by his own son!

Esther and Shannon were friends from high school and they let their husband's come fishing with them.

Hudson loves to fish!

Hudson has a nice catfish

Esther and AJ will have baby pictures by the spring sale, but for now fish will had to do!

Hudson caught a Gar, which we thought was a junk fish until our Louisiana customers told us different.

Diploma and Kind and Respectful Award

Birthday party - celebrating 3 and 5 years old.
